## NEW SIGN FOR THE MUSEUM

If you've driven through downtown Mt. Croghan recently, hopefully you have noticed the new sign on the front of the museum. The sign is a wonderful addition and adds the perfect touch to the museum grounds. Dr. Joseph Newsome and Dr. Shaw Newsome of Cheraw Family Medicine were vital in acquiring the sign. The Town of Mt. Croghan is grateful for their generosity and thanks them for their support.

### EMBELLISH CUSTOM EMBROIDERY

I have opened a custom embroidery business out of my home. 14 Cross Street, Mt. Croghan. I can embroider things people already have or I can get the merchandise for them. A large portion of my business is in the equestrian world where I've done 'team' apparel which has sponsor and owner logos as well as awards for international competitions.

## FIRE DEPARTMENT GETS DONATION

The Mount Croghan-Ruby Volunteer Fire Station plays an instrumental role in educating area children on fire safety. A recent \$1,000 donation from the Town of Mount Croghan will help them to continue to do just that. As with so many other organizations, funding has been cut from the station and donations are more important now than ever before. Area children, including those at Ruby Elementary, will take part in Fire Prevention Week. The volunteer fire fighters hand out t-shirts to students and also educates them on the dangers of fire. Fire fighters will also, time permitting, put on safety gear and allow the children to explore the fire trucks. Chief Randy Gullede stated, "We try to do something a little different every year for the kids, but our main goal is to educate them on fire safety." The generous donation from our town will help to allow the dedicated volunteers at the fire station continue their good deeds.
